**CHALMERS**

## Lectures

Well appreciated, pace is on the faster side, outline of the learning goals is appreciated, Kahoots are appreciated

## Exercises

Randomize better to avoid the same people having to present multiple times; problem statements can be misleading sometimes;  
The pace during the exercise sessions can be better aligned between course assistants

## Tutorials

Tutorials are very helpful

## Course as a Whole

Makes sense

## **Exam**

N.a.

## **The Red Thread**

Ok

## **Miscellaneous**

Spontaneous questions to the audience are appreciated, there is more potential in this

## **Proposed Changes**

Lectures: Add pointer to previous slides in the current slide deck
